*Upgrade an existing non-filtered Elkay bottle filling station, cooler or fountain to a filtered unit.

Cleaner Water Within Reach

Replacing drinking water filters as recommended provides added assurance of serving cleaner, healthier water.

Engineered for Performance

We recommend using genuine Elkay filters in our products as they are designed and manufactured to work within our products and provide optimum performance.

What is NSF/ANSI Certification?

Nationally recognized as the gold standard for evaluating and certifying drinking water treatment systems, products with these designations have been certified to reduce certain contaminants from drinking water.

**Filter products are tested and certified to above stated standards. See individual product listings for specific standards and certifier.
