How much will my district receive?

Congress has infused approximately \$13.2 billion into K-12 education to address the impact that the COVID-19 public health crisis has had, and continues to have, on elementary and secondary schools across the United States. The Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA) provides an additional \$54.3 billion for the Elementary and Secondary School Emergency Relief Fund (ESSER II Fund).

Funding will be distributed directly to (i) governors to support their state's K-12 student and school needs and (ii) SEAs and LEAs based on Title 1 proportions.

How can I use the funds?

The ESSER Fund provides LEAs considerable flexibility in determining how best to use ESSER funds. A complete list of allowable uses of ESSER funds are outlined in the CARES Act (Sec. 18003(d)).

How will this funding impact school maintenance and operations?

LEAs may use ESSER funds for personal protective equipment (PPE), cleaning and sanitizing materials, and similar supplies necessary to maintain school operations during and after the COVID-19 pandemic.

What should I do?

This funding offers an opportunity for you ensure your education facility is outfitted with hand wash stations and drinking water solutions that provide your students and faculty with cleaner, healthier water and sanitation sources.
