# Dart Canyon® ADA Farmhouse Sink for Assisted Living Centers and More

## Stylish and Engineered to Serve Everyone

Help residents feel at home with the sink that's easier to use. Dart Canyon® is the first of its kind, boasting ADA-compliant design and workstation functionality. Its stylish farmhouse apron front sets it apart from the sterile sinks found in other commercial facilities. Since it's already ADA-compliant, it can easily be spec'd for any application. With Dart Canyon, residents and staff can work and live better.

# Accessibly Functional

Dart Canyon® provides better everyday solutions for everyone, including people with disabilities, those aging in place and others simply looking for a more efficient sink. The workstation design streamlines tasks with help from custom-sized accessories. It's ideal for facility kitchens and residents' apartments — giving them autonomy over their chores and lifestyle.

## Dual-depth Bowl

Shallow in the front for reachability, 9" deep in the back to stack and soak dishes.

## Built-in Work Shelf

Keeps tools and sponges organized and within reach and makes completing tasks while seated easier.

## Reversible Grid

Protects the bottom of the sink and when flipped, extends the working surface from the raised work shelf.

## All-out Accessibility

Can be installed with cabinet doors at a lower height or without doors to accommodate seating and wheelchairs.

# Stand-out Style

Complement the homey ambiance of your facility with the warmth and reliability of Dart Canyon.

## Farmhouse Design

Durable stainless steel extends to the front panel of the sink, adding a charming design element.

## Tight Corners

Straight sidewalls and creased accent lines offer a fresh, geometric aesthetic.

## Attractive Accessories

Premium walnut cutting board and walnut-handled colanders are optional accessories that draw the eye.

# Available Models

While the senior population continues to grow, so does the need for comfortable assisted living facilities — equipped with the best appliances. Choose from three sink models:
